The Mason LINE

by Chan Mason

For some few months now (in fact, ever since the finance company's executives stopped riding with us in the rear seat of the family jaloppy) we've been sort of toying with the idea of buying a new car.

Now, buying a new car these days is quite a major project financially speaking, for us at least. So we've seen about all makes and given about all local area dealers an opportunity to sell us one of their dream boats. We've met some fine people who seemed to enjoy showing us their products even though we didn't sign up within five minutes. We've met some real characters also, one of whom gave us this pitch: "Howdy do, friend, can I help you friend, now look friend, are you here just shopping or do you really plan to buy a car?" The same drivel was still going on as we ran, not walked, to the nearest exit.

Makes $450 Mistake

But the gimmick to end all gimmicks was pulled on us when we finally decided to make the deal. The color, exterior and interior was right, the appraisal on our car seemed fair, so we signed about 40 different forms and switched the stuff from the old car to the new car and drove home our new wagon, put it in the barn and everything was hunky-dory, except for one thing, they had failed to connect the speedometer. Anyway, bright and early the next morning the salesman called and said, "Mr. Mason, we've made a terrible mistake, we appraised your car as a 1953 instead of a 1952. There's a difference of $450 but I'm sure you can work it out with the sales manager."

We won't repeat what we said but the upshot of it was, we took the car back and tore up the contract.

Old, Old Story Again

We were telling the story to a friend of ours who is an executive of a county financial institution, who stopped us before we were through and finished the story for us. He then showed us a letter his company had just received from their main office, warning them that just such a racket was being pulled in the east. Two such cases had been tried in court and both times the buyer had lost. First the contract was not signed by a legal owner or representative of the automobile agency; secondly, the model year was shown on the contract as being a year newer than it actually was.

By an odd coincidence, we found that the racket as outlined in the letter coincided in every detail to the deal made with us, even to the non-working speedometer.

San Diego is getting metropolitan right fast when the attitude seems to be "Who cares about repeat business when you can get a new sucker so much easier."

Lemon Grove Toastmasters Club To Be Chartered Next Month

The newly formed Toastmaster Club of Lemon Grove last week received its 30th charter member, Bob McPherson, a transfer from National City, and oddly enough he was the man responsible for starting the club here, and is also the assistant district governor.

Toastmasters limits its membership to 30 active members, however they allow associate members if anyone in the area is still interested.

Charter night has been set for Tuesday, February 7, at Lawton's Coffee Shop, 8090 University, La Mesa. The regular meeting place has been changed from the Friendship Hall to Helix High School. Time remains the same —7:30 p.m., a non-dinner meeting. Guests are always welcome. Coffee and refreshments served.

Officers that have been elected are Charlie Serr, president; Charles Breuninger, educational vice president; Garnet Pankey, administrative vice president; Bob Richardson, secretary; George Fickas, treasurer; and Al DeClerico, sergeant at arms.

Best speech awards that have been awarded to date are: George Fickas, on his talk "How to get a weekend pass," December 6; Charles Breuninger on his speech December 13, "See America First," and George Hamilton on December 20, with his talk, "What to get the wife for Christmas."

Blue Crutch Day will be conducted in this area Saturday to raise funds for the March of Dimes, to give assistance to all who need it regardless of age, race, creed or color, and still suffer the effects of poliomyelitis. The March of Dimes is you helping your neighbor, and extends an invitation to the individual to contribute to one of the worthiest of causes. An earnest group of Homeland businessmen, women and civic leaders, who have already given hours, days and dollars, will be working hard this week to make "Blue Crutch Day" of vital interest to the general public, by scouring Lemon Grove and Spring Valley, selling miniature crutches.

Make Room on That Kitchen Shelf— Blue Bird Peanuts Are on Sale Again

There's a good reason why Friday, January 13 is circled on the calendars of Blue Birds and Camp Fire Girls in Lemon Grove and throughout the county.

For tomorrow is the day that nearly 2500 Blue Birds and Camp Fire Girls go into the peanut business as their annual peanut sale gets under way.

Heading the sale and in charge of distribution in Lemon Grove is Frank Armstrong, 8230 Golden Ave., where the distribution center will be located.

Armstrong said that the peanut sale is important to each Blue Bird and Camp Fire Girl because they know it provides funds for improvements and maintenance of their two camps: Camp Wolahi, summer playground in Cuyamaca Mountains and Camp Loligro, the girls' day camp in Balboa Park, plus extension of membership and local services through the county council.

The young salesgirls, ranging in age from 7 to 18, are out to sell 100,000 cans of peanuts by Jan. 29 when the sale winds up.

The vacuum packed Virginia blanched peanuts in an attractive Camp Fire package will sell for 50c per can.

All girls who participate in the sale will be guests at a theater party set for Feb. 11. To all girls who sell 48 cans, a certificate of merit will be awarded, with a gold star added for each six additional cans sold.

More than 1200 Blue Birds and Camp Fire Girls used the facilities of the two campsites during the past year.

Plans Readied for New High School On Sweetwater Road

Preliminary plans have been accepted for the high school on Sweetwater Road subject to two months' study of boundaries by the Citizen's Advisory Committee, according to Jack Wilson, chairman of the group.

Most interest centers around the future of Lemon Grove as a corporate city and the possibility of annexing to San Diego. Annexation would make a difference in not only the name of the school but the location of it as well, spokesmen stated.

Incorporation of Lemon Grove would not interfere with the naming of the school or the location of it either, Lewis Smith, Grossmont High School Superintendent, said.

The Citizen's Committee chairman expressed concern that San Diego is nibbling off hunks of the Grossmont High School District. Theoretically, Lemon Grove could be annexed piecemeal, he pointed out.

Board Signs Three New Teachers To Contracts

Contracts were signed Monday evening employing three new teachers in the Lemon Grove Schools. Elizabeth Higgins, new second grade teacher at Vista La Mesa, replaces Mrs. Betty Fountain; Eleanor Eastman, first grade teacher at Monterey Heights, replaces Mrs. Stellman; and Catherine Willson, also first grade at Monterey Heights, replaces Mrs. Geneva Funk. Replacements were necessary because of midyear resignations for family reasons. Two cafeteria managers, Mrs. Eva Jennings and Mrs. Fern Machado, were given contracts by the board after completing satisfactorily, the probationary period required of all personnel in the schools.

The school board approved the use of the junior high auditorium for two public functions: A March of Dimes Dance on Saturday, January 21, sponsored by the Junior Chamber of Commerce; and a dinner and special program on February 4 by the Music Parents Club in the interests of music students. Paul Reynolds, school business manager, was granted permission to attend a school business officials meeting in Fresno. Mr. Reynolds, who is chairman of the purchasing committee of CSBOA, San Diego and Imperial Counties, will travel at no expense to this district.

A comprehensive liability insurance policy held with Fellows and Dudley was cancelled by board action when wording of a new legal requirement was not in compliance with the new amendment. It shall be rewritten with an insurance company in John Dail's office. Mr. Dail told the board that he could secure the exact wording which would cover all district personnel. At the same time the school board made arrangements for fire insurance coverage on the San Miguel additions.

Other actions of the board at its first January meeting included the approval of publishing of bids for furniture and equipment for these new San Miguel classrooms. Sealed bids will be opened at a special meeting, Monday, January 30, at 7:30. They also approved purchase of blackout drapes for the board room at the Education Center and the completion of fencing at the junior high.

In keeping with new state regulations, the board established precincts and polling places for the combined Grossmont-Lemon Grove school trustee election on May 18. The election will be conducted by the county superintendent of schools. They also discussed implications of the decisions being permitted certain high school juniors and seniors to select their graduating high school. The board advised that parents here who are concerned should contact the governing board of the high school district.

Music Parents to Raise Funds Via Program of Oleo Acts

A turkey dinner with all the trimmings and an hour and a half variety entertainment will be the treats in store for the ticket holders to "Music Fantasy," the fund-raising activity of the Music Parents Club of Lemon Grove Junior High.

Saturday night, February 4, will be the date of this gala affair that will enable the Music Parents Club to continue its work for another year.

Tickets for this dinner will go on sale this week. The citizens of Lemon Grove are urged to attend this dinner and thus support our school music program. All the proceeds from this dinner will be used for additional uniforms for the music department, and the awards dinners, where our deserving music students receive awards for their hard work.

Bill Rife, prominent businessman and Mason, will be master of ceremonies of the Music Parents Club dinner, February 4 at the Cafetorium.

Bill will introduce such acts as the "Amazing Armstrongs," magicians, the xyolophone group of the Bonham Brothers Boys Band and Mrs. Frank Les tina with her always enjoyable monologues. Other singings acts are also arranged.

A full evening's entertainment is promised after a wonderful dinner of turkey, dressings, mashed potatoes and gravy, cranberry salad, relishes, hot rolls, cherry pie a la mode, and coffee.

All the food and most of the services will be donated so that the goal of $500 might be reached. Everyone's help will be appreciated, from those who bake the cherry pies to those who help sell the 200 tickets.

Improvement Of Broadway To Get Men's Club Eye Friday

Sympathy for requesting the State Division of Highways to label the Lemon Grove freeway by that name officially was evoked Friday at the Men's Club. No name has yet been given the freeway.

Jake Dekema, district engineer, and Ralph Luckenbach, assistant engineer of the state highway division, in a talk before the group, pointed out that Lemon Grove business would benefit considerably when the road is opened.

Dukema reminded the group that Pasadena was aided by the opening of the Arroya Seco Freeway rather than downtown Los Angeles.

Dekema also pointed out that California has the best safety records in the nation, better than the well-publicized turnpikes of the east. The freeway will be completed late in 1957 from El Cajon to downtown, the engineers said.

This Friday's program will have to do with Broadway improvement and Lee Sparks is in charge of the program.

Date Set for Water Works Election

Tuesday, February 21 has been officially established as the date when voters in eastern San Diego County will be asked to approve a second supply line into the La Mesa, Lemon Grove and Spring Valley Irrigation District.

The board of directors Tuesday adopted a resolution setting the date for the bond issue to finance construction of additional facilities to bring an increased amount of water into the heart of the 30,000 acre district, which includes the cities of La Mesa and El Cajon, as well as the unincorporated areas of Lemon Grove, Spring Valley and Grossmont-Mt. Helix.

Lemon Grove Men Serve as Marshals Of Rose Parade

A. E. "Bob" Howell, local business man at 3455 Imperial Ave., and Frank Bettencourt, 2257 Cypress, were honored to serve as marshals of the recent Tournament of Roses parade in Pasadena.

San Diego County's beautiful horses added much to the parade, supplying another marshal in Walter Church of El Cajon, and individual riders, Bob Harness of La Mesa, Harry Harness of Flynn Springs, Earl Allen of Winter Gardens, and Paul Phillips of El Cajon.

As there are only 200 equestrian entries allowed in the Rose Parade, and of these only 31 were appointed as marshals, the honor of serving as a marshal becomes very great indeed.

The Dimmer VIEW

By MAX GOODWIN

Nothing is quite so irritating as to see someone you authorized to represent you, sitting around acting like a moron, particularly when you have to pay for these actions.

Naturally, I refer to the latest escapade of our water district board in the sale of some district-owned land (lots 21 and 22 of Moody's subdivision) near Glencoe Street in Monterey Heights. This land was put to auction and the board accepted a bid of $15,100 from a purchaser in which brokers were involved. Brokerage fees amounted to $1,510 and net to the district was $13,590.

They rejected a bid of $15,000 net from a private citizen of the district. This would have brought in the district $1,410 more than the bid they accepted. Why they did this is something I don't know because the board knows there is no law preventing them to take the highest net bid.

Perhaps the main reason they are selling the property publicly at all is because they have finally become squeamish about selling tax deeded or district owned lands to its own board members after I revealed editorially that Lemon Grove's board member, Harry Griffen, had made a tremendous amount of money buying and selling this type of property. This is against the law yet he did it with the consent of the rest of the board. In fact, he sat as a board member during the period that the district passed several scores of Monterey Heights lots to him . . . and he, in turn sold them at a goodly profit. In at least one instance he acquired title to the property from the district five weeks after he sold some 50 lots. To do this he had to be darned certain that the board would deliver the lots to him. It is also interesting to note that district taxpayers were not able to buy in on these bargains during this period . . . probably because they weren't so smart as ole' Griff to see the profit potentialities in such a caper.

The above is repeated for the sole purpose of establishing the fact that Griffen, and the rest of the board members are smart. Too smart, to convince any but the most naive that any of the members of the board, all of whom are highly respected for their business acumen, would have accepted the lower net bid had he been selling their own property.

To make the example crystal-clear let's assume that ole' Griff had two of his lots up for sale. Let's pretend he has two prospects and one has to pay the brokerage fee out of his own pocket on one. Which offer do you think he would take? (as though I need ask.) Yet, without flickering an eyelash the water board last week tossed away $1,410 of your money and mine.

I want you to know that I am not arguing that a broker should not collect commissions on the property he sells. I think there are few brokers who would willingly take commissions which had to come by such a contrivance as I have listed.

Yet, at the final 1955 meeting of the irrigation district board, they awarded two lots in Moody's Subdivision to C. L. Oliver Company for $15,100 and allowed the broker's commission of $1,510, and rejected the $15,000 net bid from private citizen Paul Harris of 1635 Glencoe. As a result our district is $1,410 poorer on this one item.

I for one am not going to become reconciled to some of the odd practices of the district. I can assure you that none of these practices stem from stupidity and if you don't believe me try to best any of the board members in a private deal. You can't do it! Is it illogical then to expect these men to put into practice the same good practices to use for the water district that they found profitable for themselves? Most of them handle their own affairs so well that by comparison on some water district business they take on the attitude of imbecility.

These men swore to handle this business with fidelity and probity when they were elected. In failing to do this to the utmost of their ability they are failing in one of the basic concepts of our democratic form of government in which we have a government "of the people, by the people, and for the people."

Turnbull Predicts

Surprises in Store For You in 1956, Sez 'Swami'

By BOB TURNBULL

Robert "Swami" Turnbull is the name and my weeks of palm reading, tea leaf dunking and crystal ball gazing have come to a close with the following predictions for all you Bulletin and Review subscribers. May your 1956 year be the best ever in all respects. Just find your birthday in the Turnbull (no-relation) predictions and discover what the future has for you.

Capricorn, December 22 to January 21—Fight down that impulse to sue Max Goodwin, he's bigger than the both of us. Buy a new car. Quit beating your elephant and take your vacation in that pine tree dotted, snow-covered land known as Siberia, alias San Miguel.

Aquarius, January 22 to February 21—If you see spots in front of your eyes visit the Lemon Grove medical center. If you don't see spots in front of your eyes, re-hire your leopard as butler. Teach the family lawn-tennis and give up Mickey Spillane.

Pisces, February 22 to March 21—Drive your unicycle more. Avoid hitting dogs as one of them may be your husband escaping from the doghouse. "Shop downtown (L. G.) on Friday nights."

Aries, March 22 to April 21—During the month of August you will visit a Padre ball game and become an emergency case in the hospital by a wild pitched ball by Johnny "Bullet" Butler. This is your year to take your muzzle off and howl.

Taurus, April 22 to May 21—A good month to elope to the United Nations building. All persons born under this sign receive my sincerest condolences.

Gemini, May 22 to June 21—Be conservative, retiring and introvertive. Play scrabble with your neighbors, repair tv sets or stand in the middle of Massachusetts and Broadway, Monday through Friday between 4:30 and 6 p.m.

Cancer, June 22 to July 21—be carefree, gay and lighthearted this year. Pay your taxes with frolicking comments and then bury your blood stained brass knockles. Near the end of the year you will join the chamber of commerce and commit suicide.

Leo, July 22 to August 21—A plane will crash into your home, reducing the timbers to mere shambles. Don't fret. Just think of the experience you gained by not having insurance. Drive on L. G.'s super-highways, at your own risk.

Virgo, August 22 to September 21—This is your year! A well-known local tycoon in a plaid suit and green tie will donate $25,000 to a charitable cause that you are crusading and you will spend seven years in Alcatraz.

Libra, September 22 to October 21—You will start a new radio station in Lemon Grove. The Federal Communications Institute of Venus will send you a congratulatory, opening night letter. You will print the letter in the Review. You will write your will from the state supported, county owned sanitarium.

Scorpio, October 22 to November 21—You will give up fishing. On November 20 Dennis Hopper will dedicate his academy award to the winner of the annual Lions-Kiwanis baseball game. The game and presentation will be fixed. Dennis will keep the statue.

Saggitarius, November 22 to December 21—A wonderful year for starting school so you won't be an illiterate like me and write such absurd articles.

LETTERS TO THE EDITOR

Dear Editor:

We would like to take this means to express our thanks and the thanks of the thousands of under privileged children who enjoyed a wonderful Christmas through the generous outpouring of toys presented by the warm hearted citizens of the San Diego area.

The number of individuals, clubs, organizations and business firms who assisted us in making this the most successful Toys for Tots program to date are far too numerous to list here, but to each of them we hereby express our appreciation for the wonderful cooperation we received. Thank you one and all.

We wish also to express our appreciation for the great amount of cooperation offered by the staff of your newspaper and to the radio and television stations of San Diego.

We hope that we will be privileged to work with our fellow San Diegans in other community projects throughout the year.

Again, thank you all for making the 1955 Toys for Tots campaign the greatest ever.

Dear Editor:

Lemon Grove residents and merchants showed a fine spirit of cooperation and generosity during the Christmas season when women of the Business Women's League were on the streets selling tickets for Christmas Carol, the money doll.

Generosity of people on the streets made the project a big success. Our members wish, particularly, to thank merchants who displayed pictures of the doll in their stores and sold tickets.

But most of all, Mr. Editor, we wish to express our gratitude to you. The publicity you gave this Christmas project was but one of the many such favors you performed for us during the past year.

Sincerely
Mrs. C. K. Nicholl
President
Business Women's League, Inc.

Dear Editor:

I speak for all of our youngsters when I thank you and your associates for your interest and support during the past year.

The Review has been good to us, in that our activities in behalf of homeless youngsters have been publicized. Since Hanna Center is supported principally by voluntary contributions from Californians, this recognition means a great deal to us, and will help us toward our goal of accepting additional homeless boys.

Please visit the center at your first opportunity. You will always be welcome at "the Boys' Town of the West."

They were Steve Walker, Douglas Buckner, Stephen Thunberg, Paul Edell, Ronald Haas, Sandy Finkelman, Ronald Tenison, David Mugg, and Den Chief Jack Monette. Total weights collected by the remaining dens were Den 8, 5189 lbs., Den 2, 2492 lbs., Den 3, 2312 lbs., Den 7, 1820 lbs, Den 9, 1186 lbs., Den 1, 1597 lbs., Den 4, 1838 lbs. and Den 6 with 2099 lbs.

President Joe Pergl appeared at the pack meeting to present the pack charter along with the donation, for this worthy Christian activity.

Cubmaster John Ott and Pack Chairman Bill Bowersox concurred most heartily that 1955 had been a good year for Pack 399 with the outings and various pack activities, and look forward to an even more successful 1956.

Community Chest View of Area's Needs Cited at Public Meeting

By PEG WHITE

Civic leaders told the public yesterday (Jan. 11) what more than 500 citizens consider San Diego County's most pressing health, welfare and recreation needs.

Heading the list were:

A preventive program for dental health, including fluoridation.

A single fund campaign for all Community Chests in the county and possibly a united fund appeal for all private welfare agencies.

Establishment of an alcoholic rehabilitation and treatment center in San Diego.

More playgrounds.

More adequate mental health and family service facilities.

Financial assistance and medical care for the chronically ill.

Greater county-wide coordination of health and welfare planning.

The recommendations were made in interim reports on the Community Services Inventory at the Balboa Park Club yesterday. Sponsored by the San Diego Community Welfare Council, the inventory is the most comprehensive study of its kind ever made in this area and the first to be undertaken since 1927.

In preparing it more than 500 civic-minded citizens have studied and analyzed every phase of health, welfare and recreation services available to the public throughout the county. A final report on the inventory will be given to the public in June.

Jumping at conclusions is not nearly as good mental exercise as digging for facts.

Grossmont High PTA to Hear Adm. Miller

Adm. Thornton C. Miller, senior chaplain, 11th Naval District, will be the guest speaker for the next Grossmont High School PTA meeting Thursday, 7:30 p.m., in the school cafeteria. Adm. Miller's topic is "Helping Your Teenager Meet Success as Well as Adversity." There will be an art exhibit in the cafeteria, under the direction of Henry Hopkins, art instructor. Senior class parents will be hostesses for the social hour.

The following Thursday, January 19, 7:30 p.m., in the school cafeteria, the PTA sponsors the third Parent Education discussion group. These group arrangements are under the chairmanship of Mrs. Herman Puhn. The topic for this meeting is "Problems concerning young adults, such as cars, allowances, night hours and dates." This discussion will be in the form of a panel of five parents and a mutual psychologist. Moderator will be Russel Johnson, father of Grossmont High School student president.

Appreciation Party Given By VLM PTA

The annual appreciation party for the men in their lives will take place at the January meeting of the Vista La Mesa Parent-Teacher Association, tonight, Jan. 12, at 7:45 p.m. This meeting is Dad's Night and has been given the fathers' touch.

"When the Girls Get Together," original sophisticated comedy, will have its west coast premiere this evening at the Vista La Mesa Playhouse (School Cafetorium). Directed by Dorothy Arms, "When the Girls Get Together" unfolds the humorous entanglements that begin when the girls get together for a game. The setting is the living room of one of the girls of the VLM PTA unit.

Sy Metzner plays the lead but is ably supported by the other three members of the cast, Hank Cowles, Kenny Trytten and Paul Miller.

This promises to be the best comedy to hit this area since Clorence Allen, principal, made his debut as Pa, in "I Love Willie" in 1953.

Another first night attraction will be the appearance of "Peter Bakker and His Shavers."

The quartet will present "Songs of Yesteryears."

A short business meeting will precede the show.

The inspirational thought of the evening will be brought to the group by George Sherrod and Clarence Allen.

Colors will be presented by Den 2, Pack 315, Cub Scouts. Mrs. Robert Brown is their den mother. Robert Brown is den dad and A. L. Keebler is Cubmaster. All are unit members.

Robert Masters will give this month's portion of "A Look Into the Classroom." He has chosen as his subject, "Social Studies."

Room dads and parents of Mrs. Ritchie's and Mrs. Fountain's second grade classes will serve the refreshments.

Publisher to Head County Heart Fund Drive

Elliott Cushman, San Diego publisher, will serve as chairman of the 1956 Heart Fund campaign, to be conducted here February 1 through 29, with a goal of $100,000, Dr. A. S. Edgar, president of the San Diego County Heart Association, announced last week.

Cushman, a member of the Heart Association's board of directors, has been active in every annual Heart Fund Drive since they originated in San Diego County six years ago.

A major part of of all contributions to the Heart Fund will be retained in San Diego to establish, during the coming year, extensive rheumatic fever and cardiac-in-industry programs, additional equipment for the Heart Center and its continued maintenance, the Heart Association announced.

Levis & Laces Start Year With Fifteen Squares

Levis and Laces started the New Year off with a gala party on Saturday night.

Over 15 squares of dancers from the San Diego and Heartland area enjoyed dancing to Clarence Montgomery's calling, and a number of guest callers, including some of Levis and Laces' own members.

The theme for the party was "Leap Year" with ladies' choice for dances being carried out all evening. Gals were asked to match boots and shoes belonging to the men, to determine who their partners would be for the first tip following intermission.

John and Clara Greer and their committees were responsible for the poinsettias and greens that decorated the hall, and the refreshments served at the close of the dance.

Mickey and Hal Hatton are representing Levis and Laces as the Heartland Couple of the Month, and will be kept busy visiting the various square dance clubs in the Heartland area during the month of January.

The beginner class that meets on Monday nights at the Woman's Clubhouse will soon be advanced to the intermediate level of dancing, with a party being planned by the Levis and Laces board members.

DR. JONES ATTENDS MEETING OF L. A. PRESBYTERY

Trinity Presbyterian Church was represented at the meeting of the Los Angeles Presbytery, which met at the Garvalia Presbyterian Church, of South San Gabriel, Tuesday, by Dr. Elmer L. Jones, the Rev. Frank S. Hamilton Jr., and Elder Arnold Moore of Lemon Grove. Dr. Jones is chairman of the Bills and Overtures Committee, and one of the interesting overtures to be voted on by Presbytery is whether women should be ordained to the ministry.

Mrs. Elmer L. Jones represented Trinity Church at the Presbyterial meeting January 9 at the Hollywood Presbyterian Church.

Trinity is mighty proud of her Boy Scout Troop 171, which really did a Boy Scout Deed, for boys less fortunate than they, by collecting more than $150 last Saturday in the La Mesa, Spring Valley and Lemon Grove areas for the March of Dimes.

The boys expect to take a trip to Pauma Creek this weekend. This is a mighty rugged trip, but is well supervised.

Stork Slow Starter In '56; Did All Right In December

Grossmont Hospital delivered 102 babies in December—a new record for the hospital, which opened August 15. In November there were 94 births at Grossmont, with a total for the 4½ months of 409. Five babies were born on the last day of 1955, but none on January 1, 1956, in either Grossmont or La Mesa Community Hospital.

Spring Valley took the honors on December 30 when the Stork brought twins, a boy at 11:34 p.m. weighing 4 lbs. 6½ ozs., and 11 minutes later a girl arrived, weighing 4 lbs. 12½ oz. The welcoming parents were Mr. and Mrs. William Whitney, 3787 El Canto Drive.

On the last day of 1955 Mr. and Mrs. Lloyd D. Radi, 7582 Cuyamaca Ave., Lemon Grove, were the recipients of a bundle from Heaven, a 7 lb. 4 oz. boy.—D. H.

This Week to Decide Roller Derby Tie

This weekend will decide the three-game tieup in the series between the San Diego Clippers and the New York Chiefs. Last Friday the Clippers beat the Chiefs 34 to 27. On Saturday they again won 33 to 27, while on Sunday the Chiefs won 29 to 24, tieing the series 3 to 3.

The last three games in this series will be played this Friday, Saturday and Sunday. This promises to be an exciting event.

BOSTON TERRIERS TO COMPETE SUNDAY

The Boston Terrier Club of San Diego County is holding an AKC sanctioned puppy match Sunday at the Mission Beach Woman's Club, 840 Santa Clara Place, Mission Beach. Any Boston Terrier under one year of age which is eligible to be registered with the AKC may be entered. Luncheon will be served at noon and judging at 1:30 p.m.

Mrs. Gwen Gibbs is match chairman and Mrs. Mary Schaller is judge for the day. Bring your puppies and have fun, everybody is invited to attend. For particulars call BR 6-1065.

LOCAL DENTIST ATTENDING S. F. ALUMNI CLINIC

SAN FRANCISCO (Special)—Dentists from California and neighboring states will gather in San Francisco January 14 for the 57th annual meeting of the alumni association of the College of Physicians and Surgeons.

The two day meeting will be held on the college campus and will feature lectures and demonstrations by nationally known dental authorities. Surgical operations will be performed in the surgery and transmitted to the auditorium by means of a closed-circuit television system, the first time this has been done in a dental convention in the west.

The meeting also will include clinics, technical movies, and a luncheon at the Palace Hotel. Luncheon speaker will be Prof. Robert Hoopes, director of study of undergraduate education at Stanford University.

Among those alumni who will attend is Dr. Tim W. Lillie of Lemon Grove.

LEGION AUXILIARY TO MEET FRIDAY

Unit No. 282, La Mesa American Legion Auxiliary, will meet at Legion Hall, 8118 University Ave., La Mesa, on Friday at 8 p.m.

The January card party will be held at Legion Hall next Wednesday, with a dessert luncheon to be served at 12 p.m.

Hostesses are Gertrude Bailey, Alvera Murphy, and "Gussie" Jiannalone.

Things Doing & Brewing

At Our Civic Center

By DICK HENDERSON

Principal item of interest at Tuesday's meeting of supervisors was the unanimous election of Dave Bird as chairman of the board. Bird has been representing the Second District since 1941, and has been board chairman before. The office carries no additional emoluments, and is rotated among the members each year. Bird will be up for election again this year. He has represented Lemon Grove and Spring Valley very ably, and lent his cooperation to this part of his constituency whenever requested.

The supervisors took no action on a grand jury request for the discharge of John Mueller as county director of public welfare. However, in a two-page statement, the supervisors said they would give a most earnest study to the grand jury request, after an administrative study of the welfare department is received, scheduled for January 12. The study is being made by a San Francisco administrative research firm, and was ordered by the supervisors some time ago.

The statement said "The board now publicly states that, in ordering any corrective measures to be taken, sincere consideration will be given to all of the facts and recommendations made available to it by the grand jury, the district attorney, the state of California, the chief administrative officer or any other qualified source."

Chairman Bird asked the board to appropriate $12,000 for a study of the development of San Diego bay, which was tentatively done. Cities around the bay proposed that the study be made. It would provide preliminary answers to the question of port development of San Diego Bay.

Los Angeles county assessor will be investigated by the grand jury, if the announced intention of District Attorney Roll to ask that body to investigate Los Angeles county assessor's office for unfair tax assessments.

Complaints from county residents, particularly in San Fernando and San Gabriel Valleys, have increased during the year. Home owners have charged that houses which sold for approximately the same sale price were assessed at divergent rates.

The same charges were made by business men and real estate men concerning business properties.

"The 1955 grand jury charged that inequitable property assessments led to unfair distribution of the tax load. Roll said his probe will seek to correct that. Last year's jury hired a firm of certified public accountants to make an investigation of big real estate transactions."

"Their report showed wide disparity—from 16 to 60 per cent—between the assessments on various pieces of business property. One building was sold in January, 1955 for $2,600,000 and assessed at $419,000, or 16 per cent of the sale price. A nearby building sold two months earlier for $950,000 and was assessed at $570,000, or 60 per cent of the sale price."

The San Diego County coroner's office handled 135 death cases in December, compared with 128 cases in December, 1954, Coronor A. E. Gallagher reports. The cases included three violent death, 15 traffic deaths, 91 natural deaths, 13 suicides and 13 deaths from accidental causes.—D. H.

Winter Playtime is Elks' Ladies Theme

Winter playtime will be the theme of a luncheon and card party planned by the Ladies of the Elks for Wednesday, Jan. 18, at the San Diego Elks Club, 2720 Fourth Ave.

Mrs. G. H. Deshon, general chairman, announces that luncheon will be served at 12 noon.

Proceeds from the event will be used toward subsequent furnishings in the new building and the charitable activities which are done yearly.

SECURITY TITLE'S SCOPE EXTENDED

Security Title Insurance Company has announced that its title insurance and escrow services are now available in Sacramento through its acquisition by merger in December of the Fidelity Title Insurance Company, a 30 year old firm operating one downtown and two branch offices in the capital city. The offices of the merged company will be known as the Sacramento offices of Security Title.

Donald V. McCallum, vice president and manager of Security Title's San Diego office, stated "This merger is a further move in extending to an ever increasing area the services and protection of Security Title which now operates 21 offices in 15 California counties."

McCallum also announced that in addition to the 15 counties in which Security Title now maintains offices, its policies of title insurance will now be available in the following additional counties: Amador, El Dorado, Marin, Monterey, Nevada, Santa Cruz, and Yolo.

!THE SHOW'S THE THING!

Two top class A-1 pics will adorn the Ace Drive-in screens starting January 11. "Rebel Without a Cause" starring James Dean and Natalie Wood and featuring Lemon Grove's own Dennis Hopper is the major of the two attractions. "Man With a Gun" is the other top viewer.

"Rebel" is a semi-documentary study of modern juvenile delinquency, its causes and effects and its possible cure. The color, setting and acting are exciting with the late Jimmy Dean putting on a superb performance of a guy who hates being called "chicken." "Man With Gun" stars Robert Mitchum as a tough hombre who stomps around the country taming tough frontier towns the hard way. Jan Sterling portrays a dance hall proprietress.

"African Lion" and "My Sister Eileen" will follow "Rebel" and "Gun." Don't forget to enjoy the wonderful new Kar-heaters at the Ace.

On Wednesday, January 11 the Grove Theatre presents "Lucy Gallant" starring Jane Wyman and Peter Graves in "Fort Yuma." The kids' show on Saturday, January 14 is "Bowery to Baghdad" and "Ft. Yuma" plus the usual array of cartoons and serial.—B. T.

Another Spot for Registering in Spring Valley

An additional place for registering in Spring Valley has been set up at the Food King. There are several elections coming up this year and many persons find out too late that they have not registered. If you have not, or if you have changed address, or if you failed to vote in the last general election, you should register. It costs nothing and even if you are registered twice that is better than not having registered at all.

Ernest Burns, Who Operated Bookkeeping Service Here, Dies

Ernest E. Burns, 52, a San Diego C. P. A. who was well known in the Lemon Grove business area, died Tuesday at his home at 4715 Terrace Avenue, San Diego. He was formerly secretary of the Fred Ward Lumber Company on Massachusetts Avenue.

Survivors include his wife, Effie; brothers Robert of Spring Valley, John of Corona and William of Long Beach. Two sisters, Miss Anna Burns of San Diego and Mrs. M. E. Close of Minneapolis, also survive. There were no children.

Mr. Burns kept books of Robert von Willer and the Fred Ward Lumber Company locally.

SEVENTH GRADERS TO HAVE ART EXHIBIT

Seventh grade art students of the Lemon Grove Junior High have an exhibit of work this month at the Lemon Grove County Library. Under the instruction of Mrs. Virginia Cornelius, the students have created abstract chalk compositions, brayer paintings, and figures in design. Residents are invited to view this display at the local library on Golden Avenue.

At the same time Mrs. Cornelius is exhibiting student art work at the County Schools Service Center in San Diego. Included in the display are examples of ceramics, paper sculpture, abstract chalk composition, cut paper design, and figures in design.

With the beginning of the second semester at the school in late January, eighth grade students will enroll in the art classes, and the seventh graders will study shop and homemaking.

Give with confidence that you are preventing polio, because polio is not licked yet.

Facts Given On 1956 March of Dimes

Campaign dates for the March of Dimes are January 3 thru January 31.

Purpose of the campaign is to raise funds locally and nationally to fight infantile paralysis and to care for those afflicted with the crippling disease.

The battle is waged relentlessly along three fronts: research and education, polio prevention, patient care.

With the enormous success of the Salk vaccine, research for which was financed by the Infantile Paralysis Foundation, the Number One goal of the March of Dimes is to fill the staggering need for patient care.

Very few families can afford the total cost of caring for even one person stricken with infantile paralysis, and often more than one in a family is stricken.

Average cost per month for a hospitalized adult patient is $1,000, and $600 for a child. Four out of five receive financial assistance through the March of Dimes. No other organization comes to their rescue.

Currently the San Diego Chapter has a total of over 2,000 polio patients on file. Some are temporarily inactive, but with 422 receiving active support at the present time. Patient bills average $19,000 per month.

During 1955 the chapter paid for 5,750 hospital days, 8,450 therapy treatments, and has been operating on emergency funds from headquarters since July.

San Diego spent more than $200 for patient care in 1955. A total of $73,375 has been received from national headquarters in emergency funds. There is still a deficit of $21,000 owed for 1955 patients in San Diego. This deficit represents unpaid bills to hospitals, equipment centers, physicians and appliance companies.

The cost for patients increases yearly, and someone must take care of them, which means the infantile paralysis chapters supported by the March of Dimes.

Our deficit for 1955 is $21,000 plus the $73,375 contributed by the national organization. Our goal for 1956 must be to collect enough in January to pay all 1956 expenses and the 1955 deficit.

Our ultimate goal is to eliminate need for the March of Dimes; eliminate need for Infantile Paralysis Foundation; and to eliminate entirely the crippling disease of polio. This aim is being achieved, but today the need is to help those who are suffering.

The March of Dimes accepts only voluntary gifts, no contributions from federated fund raising campaigns. Federated funds are budgeted and the National Foundation for Infantile Paralysis holds that polio cannot be budgeted.

The March of Dimes extends an invitation to the individual to contribute to the worthiest of causes. Its assistance is available to anyone who needs it, regardless of age, race, creed or color.

The March of Dimes is you helping your neighbor.

Thomas E. Farrow, chairman for the 1956 March of Dimes in the Spring Valley-Lemon Grove area, has arranged for your donations to be accepted at the United States National Bank in Lemon Grove. Your contributions will be individually acknowledged and credited to your area's total.

If you are unable to visit the bank, call HO 6-8151 and an authorized representative will call on you for your donation.

Make checks payable to the March of Dimes.

Give with confidence that you are preventing polio, because polio is not licked yet.

Teddy Roosevelt's Butler Now Has 2,000 Hens in Spring Valley

By DICK HENDERSON

Paul Martin came to Washington D. C., 60 years ago, when he was 14 years old.

Born in Marseilles, France, his mother died in giving him life, and he was raised by relatives, and was brought to Washington by an aunt. His first job was kitchen helper in the Swiss legation. From there he went up the scale, finally reaching the top as butler to President Theodore Roosevelt and other dignitaries of that period in the nation's capital.

He was butler for the senior Mrs. Longworth, and tells of acting as Cupid's messenger in delivering notes from Nicholas Longworth to "Princess Alice" Roosevelt during their courtship. Paul tells of a day when Mrs. Longworth,. who was usually very pleasant, gave him a cold look as she left the house, which warned Paul that something was amiss, but what the trouble was did not show until he inspected the library. Found a corner that had not been dusted by the helper, with "Paul" written in the dust on the window sill.

Admiral George Dewey was another of Paul's employers, and his favorite. This was after Dewey's marriage to a rich widow, who insisted on the transfer of the home raised by contributions to a fund that purchased a residence in Washington which was given to Admiral Dewey. The lady was rather demanding, and gave the admiral no peace until he transferred the property to her. There was considerable outcry from the populace at this gift of a gift, and the admiral lost a lot of "face" as a result. A move by Dewey's friends to increase his pension (this move thought to have been instigated by Mrs. Dewey) was flatly turned down by the "hero of Manila Bay." Admiral Dewey died when 82 years of age.

Martin was butler to Secretary of War Taft for a time. He didn't care too much for Taft as an employer.

Serving the Cuban ambassador Carlo Manuel Cespedes, for 15 years, Martin's acquaintance with Washington's social leaders was of value, as the question of precedence in seating the officials and notables at dinners was of paramount importance. Members of the cabinet took precedence over ambassadors, and society leaders relied on Martin to arrange their dinner tables' seating properly. On one occasion an ambassador had been invited to a formal dinner but had failed to accept, so when the dinner hour arrived, also the non-accepting ambassador, there was some consternation. The secretary of the Navy had been seated to the right of the hostess and for a time it looked like trouble, since the secretary outranked the ambassador. Paul quickly arranged a "double service" with everyone satisfied. Little incidents like that made things interesting, Paul says.

Paul explained the arrangements and duties of the entourage in an establishment employing 15 servants. The cook is supreme in the kitchen, the lady's maid has charge of the upstairs and the maids, the butler is boss of the whole, with special attention to the dining room and reception of guests.

Coming to San Diego 31 years ago, Martin had $35,000 in cash, which was quite a fortune in those days. He invested heavily in real estate and when the depression hit he had 14 houses on Point Loma. Hard times made him lose his entire investment and he was broke. Refusing to return to Washington and sure employment, he opened a restaurant but couldn't make a go of the venture.

Finally, he and Mrs. Martin came to Lemon Grove, bought a small place and started in the chicken business with 200 hens. The couple prospered slowly, they sold their place and a year ago bought two acres at northeast corner of Prociado and Birch Streets in Spring Valley, overlooking La Presa Airport and the Pacific Ocean beyond Coronado. The house number is 9220 Birch.

They now have two residences and 2000 White Leghorn hens that produce a nice income. Paul, now 74 years of age, occupies his days from 5:30 a.m. gathering eggs four times a day, feeding the hens twice a day, at 6 a.m. and 3:30 p.m., and playing with his two dogs. The dogs are most friendly and insist on having a ball or small rocks thrown to be brought back for another throw. "They never get tired," was Paul's comment as he threw a rock over the fence. Then the pooch got another rock.

Mrs. Martin, who was a famous cook in Washington, and who married Paul shortly before they left Washington, seems to me to be largely responsible for the couple's present prosperity. Paul bought her a new Plymouth station wagon for Christmas, and he says "She didn't kiss me before, but now I get lots of kisses."

The hens bring in a very satisfactory income. Baby chicks cost 50c when a day old, and a laying hen is worth $3. The house that shelters the hens cost $4,000, besides the equipment. The Martins have been offered $30,000 for their property, but think they will continue to let the chickens work for them.

A wholesale buyer picks up the eggs once a week, a fertilizer man cleans up once a month, and Paul feeds the hens twice a day from an electric cart. "It's no work at all," he says "Electric sorters and egg-cleaners do all the work, and Lena—Mrs. Martin—packs the eggs."

Paul says he is happier and enjoys life more now than ever before.

Lemon Grove Youth Reports on College Activities in Denmark

CLAREMONT (Special) — Activities of the Nordic Council are being studied by John R. Jensen of Lemon Grove, a 1955 graduate of Pomona College who is attending the University of Copenhagen in Denmark on a Fulbright scholarship this year.

Jensen, who majored in government at Pomona, has written Dr. John A. Vieg, chairman of the department, that his adviser at the university is a W. Wendt who is chairman of the Danish delegation to the Nordic Council. The council, which has members from Denmark, Norway, Sweden and Iceland, seeks to further regional bonds in the fields of science, law, economics, health, education, and other matters.

In a letter to Dr. Vieg, Jensen wrote that he spends two hours each morning in a language class and three hours a week in lectures on Danish politics and economics.

"I have exhausted the American sources and will be forced to read the Scandinavian material soon," Jensen said.

With a meeting of the Nordic Council scheduled this month, Jensen said he will be busy tracing down the actions of each country's parliament on resolutions adopted by the council.

On arriving at the University of Copenhagen, Jensen spent the first month in orientation which included lectures from embassy officers and the U. S. Information Service personnel, and guided trips all over Copenhagen and Denmark.

"The whole program has been excellently administered," Jensen wrote.

He plans trips to Oslo and Stockholm with his adviser later this year and visits to Germany and France before he returns to the United States.

Jensen, who was 1954-55 president of the Associated Students of Pomona College, and Louann Poiteven of Idaho Falls, Idaho, were married Oct. 15 in Copenhagen. Jensen is the son of Mr. and Mrs. John E. Jensen of 2580 Bonita St., Lemon Grove.

Mrs. Lewis, a native of Grand Rapids, Minnesota, had lived in the San Diego area about 25 years.

Besides her husband Irving, she leaves two children, Edward and Harriet. Other survivors are her mother, Mrs. Harriet Rothwill of Spring Valley; sister, Mrs. G. M. Cramer of Spring Valley; four brothers, Edward, San Francisco, Charles, Fresno, Herbert, Los Angeles, and Jack, Colton, California.

U. S. OFFICE OF EDUCATION PLANS TO HELP FINANCE SCHOOL CONSTRUCTION

It was announced Thursday by Rep. Bob Wilson, San Diego's congressman, that the U. S. Office of Education plans to allocate $422,500 to help finance school construction in three San Diego County districts.

The funds will be set aside as outright grants to defense impact school districts.

Allocation will be made to La Mesa-Spring Valley Elementary School District, $378,000; Chula Vista City School District, $22,500 and the Alpine Union Elementary School District, $22,050.

La Mesa-Spring Valley Board of Education at its next meeting will consider the best use of the federal grant, it was stated by Superintendent Glenn Murdock. He said board members will try to determine if the money should be used to build a school on Bancroft Drive in Spring Valley, or one in Severin Manor, La Mesa, or only half the needed facilities at each site. Both areas have double sessions in lower grades.

There is also the possibility, Murdock said, that as a result of the grant the district will reduce to $2,262,000 the $2,640,000 in proposed state aid for which the district would apply if authorized at a March 20 special election.—D. H.

Turnbull's job is to help coordinate the film cutters and help Bergen with the contestants.

New Year Starts Off Bright and Clear—For the Fairer Sex

Look out, boys this here 1956 is Leap Year, so beware the beguiling smiles of the fair sex if you value your freedom.

The "map of time" for 1956 is a 366 day calendar that has been used only once before in this century (1928) and may never be used again.

It is possible that by 1984, the next time this Leap Year beginning on Sunday is scheduled to occur, the proposed World Calendar may be in force, providing a new kind of Leap Year with a midsummer holiday as its extra day. If adopted by the governments of the civilized nations, the World Calendar would be inaugurated in a year like 1956, when the Gregorian calendar starts on a Sunday. Such a transition would avoid undue confusion.

Leap Year, as usual, is a presidential year in the United States, with the excitement of nominating conventions and political campaigns preceding the general election on November 6. The above taken from "'Dailyaide,' the Silent Secretary." We start out the year bravely intending to keep it up day by day, but at the end of the year a woeful number of blank pages greets us. Truly a "silent secretary."—D. H.

'Ginger to Be Shown At Old Globe All Month

"Time Out for Ginger," the famous comedy about the complications that follow a teenage girl's decision to go out for her high school football team, is the next attraction for the Old Globe Theatre in Balboa Park. Produced by the San Diego Community Theatre and directed by Craig Noel, the rollicking play will be given nightly except Mondays at 8:30, through January 29.

In the Globe play Burt Miller will be seen as the father of three spirited teenage girls who take to heart his stand for the right of the individual, with the result that Ginger, the youngest, tries out for the football team. The resulting hilarity creates the comedy situations for which the play is famous nationwide.

Pauline Barager will be seen as the understanding wife and Sue Jeffers will play the effervescent Ginger. Others in the cast are Paula Barager as Jeannie and Dana Bowen as Joan, Ginger's sisters, George Hardy as Eddie Davis and Sammy Payne as Tommy Green, the girls' boyfriends, Dawna Shove as Lizzie, Ed Tynan as Mr. Wilson and Kenneth Barager as Ed Hoffman.

The Globe production will be the first San Diego appearance of "Time Out for Ginger," although the comedy ran for 44 weeks on Broadway and toured with great success nearly every large city in North America, with Melvyn Douglas in the leading role.

Casting to Begin for Fiesta del Pacifico Theme Play

Representatives of 17 county theater groups last week unanimously endorsed plans for the casting of "The California Story," central theme of Fiesta del Pacifico to open July 18.

The decision occurred at a luncheon in House of Hospitality, Balboa Park.

Simultaneously, audition dates for performers interested in participation in the production were set.

He said extras would be auditioned on January 20, dramatics and reading casts on January 21 and that singers and dancers would be seen January 22. All auditions will be from 1 to 5 and 7 to 10:30 p.m. in Recital Hall, Balboa Park.

Prospective performers should write to fiesta headquarters, P. O. Box 1606, San Diego, or telephone the Fiesta offices, Park Blvd. and Village Place.

A meeting of interested San Diego theater performers was called for 4 p.m., January 15, in Balboa Park Club. At that time, casting needs for the show will be explained, Rosing said.

Local Residents See Red Cross Movie

A special movie on the Red Cross activities in San Diego County was shown for the first time in this area at the Woman's Juniors this week. The movie was produced in San Diego with commentary by Art Linkletter.

Mrs. Marjorie Kezar, 3048 Cypress St., represented the Lemon Grove chapter in the program. She explained that in Lemon Grove, Red Cross volunteers regularly donate about 121 hours in operating the Red Cross car which is assigned to this area. In December 694 miles was traveled.

She also reported the activity of the Lemon Grove production unit which regularly donates about 75 hours to Red Cross sewing. A window display is planned to show the work which they have accomplished.

Over $3,000 has been received at San Diego County Chapter for the relief of the western states flood victims. Local contributions only totaled $5.00, however.

"The area response to assist approximately 9,400 families who are expected to register for long-term Red Cross assistance is indeed heartwarming," stated Roy Erwin, chairman of the Lemon Grove branch.

Wilbur A. Thomas, volunteer ARC disaster chairman for the San Diego County Chapter, just returned from the stricken area and reports it will take three to four months to determine the actual need for rebuilding and repair of the homes and buildings destroyed. Many homes are still under water. Homes that were not totally destroyed must have repairs and replacements, such as all flooring to be laid and all electric plugs replaced.

Additional volunteers are needed. For information call the Lemon Grove Red Cross chairman, Roy Erwin, HO 6-5323.

John Lovett Undergoing Paratroop Training

John P. Lovett, whose mother, Mrs. L. T. Lovett, resides at 1856 Englewood Dr., Lemon Grove, has recently been assigned to the 187th Airborne Regimental Combat Team, Fort Bragg, North Carolina, for advance military training.

A former student at Helix High School, he has volunteered for parachute training but will be required to undergo routine advanced individual fighter training prior to becoming a Paratrooper. Upon completion of the eight week ground course he will graduate to airborne training, where he will be taught the techniques of making a parachute jump.

He will receive advanced military training under direction of men and officers of the famous 187th Airbone RCT which saw action in World War II and Korea. The 187th returned to the United States in July of this year by giant airlift from Japan under "Operation Gyroscope" after five years of duty in the Far East theater.

Christmas is Gone —But the Holiday Spirit Lingers

Had you been to the business section of Monterey Heights during the holidays you would have seen a large Christmas tree.

Well, around that tree all the Brownie Scouts and Girl Scouts had their Christmas program.

The tree was donated by Mr. and Mrs. Herman Johnson, 1924 El Dora Street, and the help of Peter Rask and Mr. Hicks and an unknown friend the tree was erected on the spot where it stood. Of course it had to be transported to the place and were it not for the able handling of Mr. Everts and Mr. Boggs it is hard to say in what shape the tree would have been in.

Why was it put there? Because that is the hub of our community and where would be a better place to put it? None. With the generosity of our merchants the girls had an ideal place for their tree, which they trimmed with zest and pleasure.

SPIRITUAL OBEDIENCE LENGTHENS LIFE SAYS SERMON

The Lesson-Sermon in all Christian Science churches Sunday is on the subject of "Life."

In a Scriptural citation it is related that Caleb, the son of Jephunneh, came to Joshua and reminded him of the promise which God had given him at the time of the exodus of the children of Israel, that if he would follow the commands of the Lord, He would bless him. He said, "And now, behold, the Lord hath kept me alive, as he said, these forty and five years," and he added, "As yet I am as strong this day as I was in the day that Moses sent men." At the age of eighty-five he was able to say, "As my strength was then, even so is my strength now." (Joshua 14:10,11.)

Most People Approve Public School Panel Reports

Sixty three per cent of the people of California approve generally of "the job the public schools are doing in educating children these days," and over 15 per cent more approve with some reservations, the public relations advisory panel of California Teachers Association declared recently on the basis of an opinion survey taken in a typical California city last August and just made public.

The survey, sponsored by the CTA at the request of the panel, was conducted by the Institute for Journalistic Studies of Stanford University, which selected Fresno as the typical community to be studied. It revealed that less than 14 per cent disapproved of the work the schools are doing and less than 8 per cent had no opinion.

In announcing the results of the poll in which 623 voters were questioned, the panel, composed of four educators and three businessmen, declared:

"School people should take deep satisfaction from the results of this survey. The existence of this reservoir of public confidence in the schools should provide renewed inspiration to all who are engaged in the task of educating boys and girls. It should likewise encourage them constantly to seek further improvement in the teaching process along every possible avenue."

Despite the strong favorable attitude of the public, as indicated by the study, the panel cautioned that it "should not produce an attitude of complacency on the part of school administrators and teachers.

"It is still essential," said the panel, "that the public be made aware through all channels of communication of what is being taught, how it is being taught, and what the schools are accomplishing.

"Obviously, such a program of interpretation must be based upon a constant and unremitting effort on the part of school people to improve the job being done in the classrooms of California. Such a procedure should include programs for the elevation of standards for teachers, for the improvement of the status of teachers, and for solution of problems growing out of double sessions, the teacher shortage, overcrowded classrooms, and inadequate financial support wherever revenues are below acceptable standards."

Members of the panel are: Stuart Dufour, president of Hartnell College, Salinas; Paul Bartlett, president of radio station KFRE, Fresno; Glenn Carter, assistant vice president of the Bank of America, Los Angeles; Mrs. Sarah Carter, high school teacher, Eureka; Harry Frishman, director of publications for Long Beach city schools; H. M. McPherson, superintendent of schools, Napa; Roy Rosenberg, editor and co-publisher of the Sacramento Union.

Highlights of the survey, made public by the panel, revealed:

1. That young people, recent products of the schools, have more favorable attitude toward the job being done by the schools than older folks. Of people 45 and over, 59.2 per cent approve, while approval of persons under 45 was 66.2 per cent.

2. That people who have had contact recently with the schools, through PTA, talks with teachers, and visiting schools, voiced more approval than those with fewer school contacts.

3. That 70.8 per cent of the parents of school children registered approval of the work being done by the schools, while 59.5 per cent of non-parents approved; and that while 11.5 per cent of parents disapproved, disapproval among non-parents was 15.2 per cent.

Persons interviewed were asked, the panel announced, to compare the performance of today's children in the 3 R's with that of children in former days. The results:

1. Twenty eight and two-tenths per cent said children are doing better in arithmetic now, 27 per cent said children are doing about the same, 22.2 per cent said children were doing less well now, and 22.6 per cent had no opinion.

2. Twenty eight and nine-tenths per cent said children can read better now, 21.7 per cent said children read about the same, 28.5 per cent said children read less well now, and 20.9 per cent had no opinion.

3. Twenty-two and eight tenths per cent said children can spell better now, 27.5 per cent said children now can spell about the same, 32.7 per cent said children were poorer now in spelling, and 17 per cent had no opinion.

Percentages of approval of the job being done by the schools today were registered by various groups as follows:

College graduates — 63.8 per cent approved; persons who went only to the eighth grade or below —66.4 per cent approved.

Persons with the highest incomes registered the highest percentage of approval of all income groups with respect to the job the schools are doing today. Among persons with an annual income of over $7000, 66.7 per cent registered satisfaction with the schools.

A larger percentage of men—32.6 per cent—said children today are doing better in arithmetic than they did when the men were in school, while only 25.3 per cent of women registered this viewpoint. The same held true in respect to the teaching of spelling and penmanship.

The panel reported also that the survey showed that, in respect to the reading ability of today's children, there was little variance in attitude between persons who had read the Rudolph Flesch book, "Why Johnnie Can't Read," and those who had not.

Plans for Hospital Auxiliary to Be Given Friday

A meeting of the executive board on Friday will start Grossmont Hospital Women's Auxiliary on another year's program. The meeting will take place in the employees' cafeteria of the hospital, 9:30 a.m.; Mrs. Jens Hutchens, the new president, presiding, and Louis Peelyon, hospital administrator, addressing the gathering.

With the reputation it has established since the hospital's opening — among the staff, the patients, and the community at large — the auxiliary's primary concern during the year ahead will be to maintain and improve its volunteer services, both in the hospital and outside it. The various means by which this objective is expected to be accomplished will be outlined and discussed at the meeting, as well as other plans for the year ahead. All members of the executive board — which includes officers, area chairmen, and chairmen of committees—are therefore urged to attend.

Mrs. Hutchens has also just announced the appointive officers and committee chairmen she has named to take over-all charge of auxiliary activities for 1956. They are: (officers) Mrs. George I. Springer, Grossmont, auditor; Mrs. Charles Artz, Fletcher Hills, corresponding secretary; Mrs. A. L. Cory, Grossmont, parliamentarian. (Committee chairmen) Mrs. Edward Morath, El Cajon, art; Mrs. Benjamin Polak, La Mesa, awards; Mrs. Clifford Leach, La Mesa, classification; Mrs. Frank Higgins, La Mesa, clerical; Mrs. A. J. Monteverde, El Cajon, with Mrs. S. P. Thatcher,, La Mesa, as co-chairmen, garden; Mrs. Von Marshall, Grossmont, with Mrs. Ralph Peterson, Grossmont, and Mrs. Paul Schoonhoven, La Mesa, as co-chairmen, gift shop; Mrs. Lester L. Louis, La Mesa, hospital aides; Mrs. Rupert Linley, Lakeside, hospitality; Mrs. Elliott Johnson, Lakeside, with Mrs. William Turpie, La Mesa, and Mrs. G. E.
